

## NOTE

**This document contains the Connecticut regulations for the abatement of air pollution with the recently adopted revisions to the regulations that became effective August 1, 2013. This document was prepared by the State of Connecticut Department of Energy and Environmental Protection and is provided for the convenience of the reader. This is not the official version of the regulations. The official regulations are published by the State of Connecticut, Judicial Branch, Commission on Official Legal Publications in the Connecticut Law Journal. Official legal publications may be obtained from the Commission on Official Legal Publications, 111 Phoenix Ave., Enfield, CT 06082 (telephone: (860) 741-3027, or <http://www.jud.ct.gov/colp/default.htm> ). In the event there is an inconsistency between this document and the regulations as published in the Connecticut Law Journal, the Connecticut Law Journal will serve as the official version.**

**Section 22a-174-36b. Low Emission Vehicle II Program.**

**(a) Definitions and abbreviations.** Provided that any term related to the administration of the Low Emission Vehicles II program not defined in this subsection shall be as defined or described in Title 13 of the California Code of Regulations, for the purposes of this section:

- (1) "Advanced technology vehicle" means any PZEV, AT PZEV or ZEV.
- (2) "Air contaminant emission control system" means the equipment designed for installation on a motor vehicle or motor vehicle engine for the purpose of reducing the air contaminants emitted from the motor vehicle or motor vehicle engine, or system or engine modification on a motor vehicle or motor vehicle engine which causes a reduction of air contaminants emitted from the motor vehicle or motor vehicle engine, including but not limited to exhaust control systems, fuel evaporation control systems, and crankcase ventilating systems.
- (3) "Alternative fuel" means any fuel that is commonly or commercially known or sold as one of the following: M-100 fuel methanol, M-85 fuel methanol, E-100 fuel ethanol, E-85 fuel ethanol, compressed natural gas, liquefied petroleum gas, or hydrogen.
- (4) "AT PZEV" means advanced technology partial zero emission vehicle.
- (5) "CARB" means the California Air Resources Board.
- (6) "Certified" means the finding by CARB that a motor vehicle, motor vehicle engine, or motor vehicle engine family, or air contaminant emission control system has satisfied the criteria adopted by CARB for the control of specified air contaminants from motor vehicles.
- (7) "Dual-fuel" means a motor vehicle that is engineered and designed to be capable of operating on a petroleum fuel and on another fuel that is stored separately on-board the vehicle.
- (8) "Emergency vehicle" means any publicly owned vehicle operated by a peace officer in performance of his or her duties, any authorized vehicle used for fighting fires or responding to

emergency fire calls, any publicly owned authorized vehicle used by emergency medical technicians or paramedics, or used for towing or servicing other vehicles, or repairing damaged lighting or electrical equipment, or an ambulance.

(9) "Emission control label" means the permanent stickers required by CARB and affixed to all passenger cars, light duty trucks and medium-duty vehicles certified for sale in California.

(10) "Emissions-related part" means any automotive part that affects any regulated emissions from a motor vehicle or motor vehicle engine that is subject to California or federal emissions standards, as set forth in California Code of Regulations, Title 13, section 1900(b)(3).

(11) "EPA" means the United States Environmental Protection Agency.

(12) "Executive Order" means an Executive Order of CARB.

(13) "Fleet average emissions" means a motor vehicle manufacturer's average vehicle emissions of all non-methane organic gases and all greenhouse gases from all vehicles that are subject to this section, sold in the State of Connecticut in any applicable model year.

(14) "Fuel-flexible" means an alternative fuel motor vehicle that is engineered and designed for operation using any alternative fuel mixture or blend.

(15) "Greenhouse gas" means any of the following gases: carbon dioxide, methane, nitrous oxide, and hydrofluorocarbons.

(16) "Greenhouse gas vehicle test group" means "greenhouse gas vehicle test group" as defined in California Code of Regulations, Title 13, section 1961.1.

(17) "Heavy-duty vehicle" means any motor vehicle having a manufacturer's gross vehicle weight rating greater than 6,000 pounds, except passenger cars.

(18) "Hybrid electric vehicle" or "HEV" means a motor vehicle which allows power to be delivered to the driver wheels solely by a battery powered electric motor but which also incorporates the use of a combustion engine to provide power to the battery, or any vehicle which allows power to be delivered to the drive

wheels by either a combustion engine and/or by battery powered electric motor.

(19) "Independent low volume manufacturer" means "independent low volume manufacturer" as defined in California Code of Regulations, Title 13, section 1900.

(20) "Large volume manufacturer" means "large volume manufacturer" as defined in California Code of Regulations, Title 13, section 1900.

(21) "Light-duty truck" or "LDT" means any 2008 and subsequent model-year motor vehicle certified to the standards in California Code of Regulations, Title 13, section 1961(a)(1) having a gross vehicle weight rating of 8500 pounds or less, and any other motor vehicle rated at 6000 pounds or less, that is designed primarily for the purposes of transportation of property or is a derivative of such a vehicle, or is available with special features enabling off-street or off-highway operation and use.

(22) "Loaded vehicle weight" or "LVW" means vehicle curb weight plus 300 pounds.

(23) "Low Emission Vehicle II program" means the standards for motor vehicles, motor vehicle engines and related provisions that the State of California has adopted and is permitted to adopt under 42 USC 7543 and that the Commissioner is permitted to adopt under 42 USC 7507 as required by section 22a-174g of the Connecticut General Statutes for the implementation of such program in Connecticut.

(24) "Medium-duty passenger vehicle" means "medium-duty passenger vehicle" as defined in California Code of Regulations, Title 13, section 1900.

(25) "Medium-duty vehicle" means "medium-duty vehicle" as defined in California Code of Regulations, Title 13, section 1900.

(26) "Military tactical vehicles and equipment" means those vehicles defined by California Code of Regulations, 13, section 1905.

(27) "Model year" means "model year" as defined in 40 CFR 85.2302 and determined in accordance with the provisions of 40 CFR 85.2301 through 40 CFR 85.2304, inclusive.

(28) "Neighborhood electric vehicle" or "NEV" means a motor vehicle certified to zero emission vehicle standards and meets the definition of "low speed vehicle" either in California Code of Regulations, Title 13, section 385.5 or in 49 CFR 571.500.

(29) "New vehicle" means any passenger car or light duty truck with 7,500 miles or fewer on its odometer.

(30) "NMOG" means non-methane organic gas;

(31) "Passenger car" or "PC" means any motor vehicle designed primarily for transportation of persons having a design capacity of twelve persons or less.

(32) "Offset vehicle" means a vehicle that has been certified by the State of California as set forth in the California Code of Regulations, Title 13, section 1960.5.

(33) "PZEV" means partial ZEV as defined in California Code of Regulations, Title 13, section 1962.

(34) "Small volume manufacturer" means "small volume manufacturer" as defined in California Code of Regulations, Title 13, section 1900.

(35) "Travel provision" means the provision of the California Code of Regulations that entitles a manufacturer to full credit for each Type III ZEV placed in service prior to model year 2012 in California or any other state that has adopted the California ZEV mandate.

(36) "Vehicle" means any motor vehicle.

(37) "VECs" means vehicle equivalent credits.

(38) "ZEV" means a zero emission vehicle.

**(b) Applicability.**

(1) This section shall apply to all 2008 through 2014 model year passenger cars and light duty trucks sold, leased, offered for sale or lease, imported, delivered, purchased, rented, acquired or received, in the State of Connecticut except that this subdivision shall not apply to those vehicles listed in subsection (d) of this section.

(2) This section shall apply to all 2009 through 2014 model year medium-duty vehicles sold, leased, offered for sale or lease, imported, delivered, purchased, rented, acquired or received, in the State of Connecticut except that this subdivision shall not apply to those vehicles listed in subsection (d) of this section.

(3) The greenhouse gas emission standards set forth in subparagraph(c) (1) (G) of this section and related provisions in this section shall apply to all 2009 through 2016 model year passenger cars, light-duty trucks and medium-duty passenger vehicles sold, leased, offered for sale or lease, imported, delivered, purchased, rented, acquired or received, in the State of Connecticut except that this subdivision shall not apply to those vehicles listed in subsection (d) of this section.

**(c) Prohibitions and compliance requirements.**

(1) Unless subject to an exemption listed in subsection (d) of this section, no person shall sell or register, offer for sale or lease, import, deliver, purchase, rent, lease, acquire or receive a new 2008 through 2014 model year passenger car or light duty truck or a 2009 through 2014 model year medium-duty vehicle or medium-duty passenger vehicle in the State of Connecticut unless such vehicle is certified to California emission standards and meets:

- (A) The exhaust emission standards set forth in the California Code of Regulations, Title 13, sections 1956.8(g) or (h), 1960.1, 1961(a), 1962(a) or 1962.1(a);
- (B) The evaporative emission standards set forth in the California Code of Regulations, Title 13, section 1976;
- (C) The refueling emissions standards set forth in the California Code of Regulations, Title 13, section 1978;
- (D) The malfunction and diagnostic system requirements set forth in the California Code of Regulations, Title 13, 1968.1;
- (E) The assembly-line testing procedure requirements set forth in the California Code of Regulations, Title 13, section 2062;

- (F) The specifications for fill pipes and openings of motor vehicle fuel tanks set forth in the California Code of Regulations, Title 13, section 2235; and
- (G) The greenhouse gas emission standards set forth in the California Code of Regulations, Title 13, section 1961.1; and
- (H) On or after January 1, 2009, the emission control label and environmental performance label requirements, including smog and greenhouse gas index scores, set forth in the California Code of Regulations, Title 13, section 1965 or the Federal Fuel Economy and Emission Label, set forth in 40 CFR parts 85,86, and 600.

(2) **ZEV mandate.**

(A) For the 2008 through 2017 model years, each manufacturer's sales fleet of passenger cars and light duty trucks produced and delivered for sale in the State of Connecticut shall contain at least the same percentage of ZEVs subject to the same requirements, including early credit, banking, and travel provisions, set forth in the California Code of Regulations, Title 13, section 1962 using Connecticut specific vehicle numbers.

(B) Alternative compliance mechanisms. As an alternative means of compliance with the requirements of subparagraph (A) of this subdivision, an automobile manufacturer may instead opt to comply with the provisions of subsection (m) of this section.

(C) Until such time that NEVs can be legally registered in Connecticut and operated with restrictions no more stringent than imposed by the State of California, manufacturers that generate ZEV credits in California through the sale of NEVs shall receive Connecticut credits for those sales. Such credits shall be transferred annually using the ZEV credit account transfer ratio determined in accordance with subsection (m) (3), as applicable to the manufacturer.

(D) For the 2009 through 2017 model years, each manufacturer's sales fleet of passenger cars and light duty trucks produced and delivered for sale in the State of Connecticut shall contain at least the same percentage of ZEVs

subject to the same requirements, including early credit, banking, and travel provisions, set forth in the California Code of Regulations, Title 13, section 1962.1 using Connecticut specific vehicle numbers.

(E) Optional Section 177 State Compliance Path. Large volume manufacturers and intermediate volume manufacturers that elect the optional path set forth in the California Code of Regulations, Title 13, subdivision 1962.1(d)(5)(E)(3) shall inform the commissioner in writing of such election no later than September 1, 2014.

(3) All vehicle manufacturers shall comply with the fleet average, warranty, recall and other applicable requirements set forth in subsections (e), (f), (g), (h), (i), (j), (k), and (n) of this section.

**(d) Exemptions.** The following vehicles shall not be subject to this section:

- (1) A vehicle transferred by inheritance;
- (2) A vehicle transferred by decree of divorce, dissolution or legal separation entered by a court of competent jurisdiction;
- (3) A vehicle purchased by a nonresident prior to establishing residency in the State of Connecticut;
- (4) A vehicle sold for the purpose of being wrecked or dismantled;
- (5) A vehicle sold directly from one dealer to another dealer;
- (6) A vehicle sold for registration out of state;
- (7) A vehicle sold or designed exclusively for off-highway use;
- (8) A vehicle that has been certified to standards promulgated pursuant to the authority contained in 42 U.S.C. 7521 and which is in the possession of a rental agency in Connecticut and is next rented with a final destination outside of Connecticut;

- (9) An emergency vehicle;
- (10) A military tactical vehicle;
- (11) A vehicle exempted by California Health and Safety Code, section 43656; or
- (12) A vehicle acquired by a resident of this state for the purpose of replacing a vehicle registered to such resident that was damaged or became inoperative beyond reasonable repair or was stolen while out of this state, provided that such replacement vehicle is acquired out of state at the time the previously owned vehicle was either damaged or became inoperative or was stolen.

**(e) Emission standards, warranty, recall and miscellaneous provisions.**

Each manufacturer and each new 2008 through 2017 model year passenger car and light-duty truck that is subject to this section shall comply with each applicable standard set forth in Table 36b-1 and incorporated by reference herein:

**(f) Fleet average requirements, reporting and projections, and delivery reporting requirements.**

(1) Effective for 2008 through 2014 model years, the fleet average NMOG gas emission values from passenger cars and light-duty trucks vehicles produced and delivered for sale in the State of Connecticut by a manufacturer for each model year shall not exceed the fleet average numbers set forth in California

Code of Regulations, Title 13, sections 1960.1(g)(2) and 1961(b)(1), except as provided in section 1960.1(g)(2) and 1961(b)(1). Effective for 2008 and subsequent model years, manufacturers may earn and bank NMOG credits in accordance with California Code of Regulations, Title 13, section 1961, except NMOG credits earned prior to model year 2011 shall be treated as though they were earned in model year 2011 and no debits shall be carried forward after model year 2011.

(2) Effective for 2009 through 2014 model years, each manufacturer shall comply with the medium-duty vehicle phase-in requirements and, for 2004 and subsequent model years, may earn and bank VECs, both in accordance with California Code of Regulations, Title 13, section 1961, except VECs earned prior to model year 2012 shall be treated as though they were earned in model year 2012.

(3) A manufacturer that certifies vehicles equipped with direct ozone reduction technologies is eligible to receive NMOG credits for use in fleet average compliance determinations. A manufacturer shall submit to the commissioner a CARB Executive Order, obtained in accordance with California Code of Regulations Title 13, section 1960.1(g)(1), which shall determine the value of such credits for vehicles delivered for sale in the State of Connecticut, when the manufacturer submits its annual NMOG fleet average report.

(4) Credits and debits may be accrued and utilized based upon each manufacturer's sales of vehicles subject to this part in the State of Connecticut, pursuant to the provisions set forth in the California Code of Regulations Title 13, sections 1960.1(g)(2) and 1961(c).

(5) Commencing with the 2008 model year, each manufacturer shall report to the commissioner, using the same format used to report such information to CARB, the average emissions of its fleet delivered for sale in the State of Connecticut. The report shall be submitted to the commissioner, or the commissioner's designee, no later than March 1<sup>st</sup> of the calendar year succeeding the end of the model year. Commencing with the 2009 model year, such report shall include medium-duty vehicles.

(6) Delivery reporting requirements. For the purposes of determining compliance with the requirements of this section, commencing with the 2008 model year, each manufacturer shall submit annually, to the commissioner, by March 1<sup>st</sup> of the calendar year succeeding the end of the model year, a report

documenting total deliveries for sale of vehicles in each engine family over that model year in the State of Connecticut. Commencing with the 2009 model year, such report shall include medium-duty vehicles.

(7) The fleet average greenhouse gas exhaust emission levels for passenger cars, light-duty trucks, and medium-duty passenger vehicles that are produced and delivered for sale in the State of Connecticut by a large volume manufacturer for each 2009 through 2016 model year are established as, and shall be determined in accordance with, the provisions set forth in California Code of Regulations, Title 13, sections 1961.1.

(8) The fleet average greenhouse gas exhaust emission levels for passenger cars, light-duty trucks, and medium-duty passenger vehicles that are produced and delivered for sale in the State of Connecticut by a small volume manufacturer or an independent low volume manufacturer through model year 2016 are established as, and shall be determined in accordance with, the provisions set forth in California Code of Regulations, Title 13, sections 1961.1.

(9) Greenhouse gas credits and debits may be accrued and used based on each manufacturer's sale of vehicles subject to the greenhouse gas provisions of this section in the State of Connecticut in accordance with the provisions set forth in California Code of Regulations, Title 13, section 1961.1.

**(g) Fleet Average Emissions Reporting Requirements.**

(1) For the purposes of determining compliance with the requirements of subsections (c)(3) and (e) of this section, for the 2008 through 2014 model years, each manufacturer shall submit annually to the Department, by March 1<sup>st</sup> of the calendar year succeeding the end of the model year, a report which demonstrates that such manufacturer has met the fleet average emissions requirements for its fleet delivered for sale in Connecticut. Commencing with the 2009 model year, such report shall include medium-duty vehicles.

(2) For the 2009 through 2016 model years, each manufacturer shall report the average greenhouse gas emissions of its fleet delivered for sale in the State of Connecticut, using the same format used to report such information to CARB. Such report shall be filed with the commissioner by May 1<sup>st</sup> of the calendar year succeeding the end of the model year and shall include the number of greenhouse gas vehicle test groups certified pursuant

to subsection (m) (5) of this section, delineated by model type, delivered for sale into the State of Connecticut.

**(h) Fleet average enforcement.** If, commencing with the 2011 model year and for each applicable model year thereafter, the report issued by a manufacturer pursuant to subsection (g) of this section demonstrates noncompliance with the fleet average emission standards incorporated by reference into this section and set forth in Table 36b-1 of this section, during a model year, the manufacturer shall within sixty (60) days file a Fleet Average Enforcement Report with the commissioner documenting such noncompliance. The Fleet Average Enforcement Reports shall identify all vehicle models delivered for sale into the State of Connecticut and their corresponding certification standards and the percentage of each model delivered for sale into the State of Connecticut and California in relation to total fleet sales in the respective state. Enforcement of the medium-duty vehicle phase-in requirements shall begin in the 2012 model year.

**(i) Reporting and offset vehicle reporting.**

(1) The manufacturer shall make available upon request a copy of the California Executive Order and Certificate of Conformity relating to certification of new motor vehicles for each engine family to be sold in the State of Connecticut. To the extent such reports are available electronically, the manufacturer shall submit such records in an electronic format acceptable to the commissioner.

(2) For the purposes of determining compliance with this section, the commissioner may require any vehicle manufacturer subject to this section to submit any documentation the commissioner deems necessary to the effective administration and enforcement of this section including all certification materials submitted to CARB.

(3) Offset vehicle reporting. Commencing with the 2008 model year, by March 1<sup>st</sup> of the calendar year succeeding the end of the model year, each manufacturer shall report to the commissioner the number of offset vehicles, categorized by model type, delivered for sale into the State of Connecticut during such model year. The report shall also include the total number of the manufacturer's fleet delivered for sale into the State of Connecticut.
