SECTION ONE – OVERVIEW

A. CONNECTICUT HOME CARE PROGRAMS

The Connecticut Home Care Programs (CHCPs) are partnerships between the Department and the Contractor, working together to provide home and community based programs that offer the 65 years of age and older persons, and adults with disabilities who are at risk for institutionalization, the support needed to remain living at home by conducting assessments; developing plans of care; developing home and community-based services plans; and providing Care Management services. This Contract applies to each of the component CHCPs: Connecticut Home Care Program for Elders (CHCPE); Connecticut Home Care Program for Adults with Disabilities (CHCPD); and 1915i State Plan Home and Community Based Services Option (1915i). The Department shall administer the CHCPs through this contract and others like it with local agencies that have been designated as Access Agencies (“Contractor”).

The Contractor is responsible for: assisting Applicants within specified Alternate Care Unit (“ACU”) Regions to receive home and community based services by conducting initial comprehensive assessments of Applicants referred to them by the Department, annual comprehensive assessments, status Reviews, and reevaluations as appropriate; and providing quality Care Management services within specified ACU Region(s) to Clients.

The Contractor may not provide any other direct service to CHCPs’ Clients or purchase home care services from itself or any related parties.

The Contractor shall work with the Department to meet the following goals of the CHCPs:

- Determine whether cost-effective home care services can be offered to Applicants who are at risk of institutionalization; and
- Provide a full range of home care services to Clients who choose to remain in the community, if services are appropriate and cost effective.

1. Definitions

- q. **Plan of Care** - A Plan of Care is an individualized plan of home care services. The plan of care specifies the type and frequency of all services required to maintain the Client in the community and is based on the Client's needs, values and choices. The plan of care names each service provider and the associated cost of the service regardless of the payment source or whether or not there is an actual charge for the service. A back-up plan is included on the plan of care when a Client's health and/or safety would be jeopardized if a disruption in services were to occur.

The categories are defined by functional and financial criteria detailed below. The Department will review a Client's functional and/or financial status as circumstances change and determine whether a change in category of service is appropriate.
- a. **Cost Limits on Individual Plans of Care by Category of Service** - Plans of care costs shall be within the limits related to the Client's category of service. All state administered costs for home care services shall be counted, including Medicaid and State funds. Older Americans Act Funds (Title III funds) and Social Service Block Grants services funded by Medicare (Title XVIII) are not included in the cost cap. A Client's private third party insurance and/or services the Client pays for that are beyond the Client's required contribution, if applicable, are not included when determining the care plan cost.

The categories of service and the cost limits on a Client's individual plan of care are detailed below.
 - b. **Categories of Service:** Categories 1-3 are each part of the CHCPE program as detailed under the 1915c waiver, at C.G.S. §17b-342 and detailed in Regulations of Connecticut State Agencies §17b-342-1 through 17b-342-5, inclusive.  - iv. Annualized costs shall be determined prospectively not retrospectively.
 - v. The specific service and the length of time the service needs to be increased shall be identified and documented.
 - vi. The reduction in the annualized service cannot compromise the Applicant's or Client's safety over the expected period of annualization.
 - vii. The period of annualization cannot exceed 12 months.
 - viii. A plan of care cost limit exception cannot be made once an annualization has already been approved.
- (4) *Category 4* service is for Clients of the CHCPD as defined in C.G.S. § 17b-617 who, in the absence of the CHCPD, would require admission to a nursing facility on a short-term or long-term basis. - (a) These Clients are functionally the same as *Category 1* Clients except they are active Medicaid recipients and have monthly income up to 150% of the Federal Poverty Level (FPL).
 - (b) *Category 5* services do not have a specific cost limit, though some services have specific limits such as a limit on the number of hours per week for PCA and Homemaker Services. The service limits will be provided by the Department to the Contractor.

 - (d) If the rate(s) for a home care service covered by the CHCPs is modified, the Contractor shall update the plan of care to reflect those changes at the next scheduled monthly monitoring activity or at the six month visit (whichever occurs first) following receipt of the new and/or modified rate(s). The Contractor and other providers will be liable for costs in excess of the cost limit following that transition period unless the plan of care is under appeal or the Department grants an administrative exception.
 - (e) The costs of any Client's services that were implemented prior to July 1, 1992 that now exceed the current cost limits shall be retained at the same rate listed in the Client's current plan of care.

- 4. Funding and Waiting List** - The State-Funded CHCPE and CHCPD portions of the program are subject to availability of funds. The portion of the program funded under the federal Medicaid 1915i state plan option is subject to continued approval of the waiver, and to any limits on expenditures or the number of persons who can be served under the waiver application.
- a. The number of persons admitted to the program may be limited when the state appropriation or the limits under the federal Medicaid 1915c waiver are insufficient to provide services to all eligible persons. The Department may establish a waiting list when these limits are reached. The Department shall offer CHCPs services to Applicants that meet all program requirements from the waiting list. The selection from the waiting list will be in the order the Applications were received. The Contractor shall:
- 1) Comply with the Department's requirements and procedures for Client waiting lists.
 - 2) Work collaboratively with the Department in the administration of the Client waiting list.
- 5. Exploration of Resources-Department as Payer of Last Resort** - The Contractor shall be responsible for ensuring that there is no other existing resource available to pay for a service in a CHCPs' Client's plan of care. The Department is always the payer of last resort for all services listed on the plan of care. The Contractor shall conduct a thorough exploration of all available services and funding sources. Potential alternative resources include, but are not limited to, Medicare, other third party payers, nonprofit organizations and foundations. The Contractor shall ensure that the Department is always the payer of last resort by:
- a. Exploring and utilizing all alternative sources of community support that are available through local and statewide organizations, and the Client's family and neighborhood.
 - b. Informing and referring Clients to all appropriate and available sources of assistance including Medicare and other third party payers.
 - c. Providing Client assistance with accessing alternative resources by obtaining and completing applications.
 - d. Approaching local and State government agencies for available services and funding only after the Contractor has accessed all available alternative sources of support.
 - e. Providing the Department with information on alternative supports explored and utilized that resulted in the Department being the payer of last resort.
- 6. Self-Directed Care** - Self-Directed Care is designed to enable the CHCPs Clients, who have been a Client for at least six months or have extenuating circumstances, to assume responsibility managing and coordination their homecare services directly with providers. The Self-Directed Care program option allows Clients to receive home care services without the ongoing intervention of a Care Manager from the Contractor. The Contractor shall:
- a. Identify Clients appropriate for Self-Directed Care and refer them to the Department. Clients are considered to be appropriate when all of the following conditions are met:
 - 1) Their functional and cognitive status has been determined to be stable including when there are chronic health problems but the conditions are stable and do not require involvement by the Care Manager.
 - 2) The Client/Client's representative is able to assume responsibility for coordinating and monitoring services.

- 3) The Client /Client's representative is amicable to choosing the Self-Directed Care option.
 - 4) The plan of care is not requiring changes in the service plan.
- b. Provide the Client/Client's representative with a W-203, Notification of Self-Directed Care to Client (Rev. 4/10) form.
 - c. In the case of extenuating circumstances, the Manager of the Department's Alternate Care Unit may grant administrative exceptions to the six month requirement.
 - d. Adhere to the Department's procedures for referring Clients to Self-Directed Care as described in CHCPs Procedures, Self-Directed Care - How It Works.
7. **Direct Service Providers** - The Contractor is responsible for forming working relationships with service providers that provide direct services to Clients. The Contractor is responsible for monitoring the quality of services provided to Clients and that services are provided as stipulated in the Client's plan of care. The Contractor shall:
- a. Authorize services to be provided by providers who are enrolled with the Department as CHCPs Providers.
 - b. Ensure that all providers performing services to Clients are approved Medicaid providers.
8. **Client Contribution** - CHCPE and CHCPD Clients (Categories 1-4) are required to contribute to the cost of their program services when the Client's income exceeds an amount established by the Department. This is referred to as an "applied income." Clients are required to contribute when the following conditions are met:
- a. Medicaid Clients - The contribution of Clients whose services are funded by Medicaid will be an "applied income" amount calculated by the Department. The Department's Regional Office determines the exact amount of a Client's applied income. The Department's Regional Office is responsible for all financial matters related to Medicaid eligibility. The Department allows Clients to protect an amount equal to 200% of the federal poverty level. This means that Clients with income at or below that amount whose services are funded by Medicaid will have no contribution.
 - b. State-Funded Clients - The contribution of Clients whose services are State-Funded is established by the Department based on the Client's income and medical expenses. The basis for the methodology is set forth in the CHCPE statute and program regulations and allows the Client to protect income up to 200% of the federal poverty level. Care Managers are to complete the Department's CHCPs W-1523 Applied Income Worksheet, (Rev. 12/12) and provide it to the Department for Review and determination of the final applied income amount. State-Funded programs are subject to available appropriations.

The Contractor is responsible for explaining the Client cost contribution requirements or cost sharing requirements to Clients and completing and submitting the financial information and a CHCPs Applied Income Worksheet, to the Department. When the Department determines that an applied income is required, the Contractor is responsible for explaining the amount of the applied income to the Client /Client's legal representative, obtaining a signed and dated W-1514 Client Applied Income Contribution Agreement (Rev.10/9) or W1514SF Cost Sharing Agreement (Rev. 7/11) and forwarding a copy to the Fiscal Intermediary that is responsible for collecting the applied income and/or cost share. The applied income and cost share contributions will be collected by the Department's

Fiscal Intermediary. It is the responsibility of the Contractor to provide signed copies of both applied income and cost sharing agreements to the Department's Fiscal Intermediary in a timely manner. The Contractor shall:

- 1) Educate the Client /Client's legal representative about the CHCPs Client applied income and/or cost sharing requirements.
- 2) Complete a CHCPs Applied Income Worksheet and submit to the Department when an applied income appears applicable.
- 3) Complete a CHCPs Client Applied Income Contribution Agreement when applicable for Clients whose services are State-Funded and submit to the Department.
- 4) Ensure that the Client/Client's legal representative understand the amount the Client is required to contribute before the Client makes a decision to accept services.
- 5) Document the Client's/Client's legal representative's agreement to the contribution, prior to the receipt of services, by obtaining a signed DSS' CHCPs Client Applied Income Contribution Agreement or Cost Sharing Agreement.
- 6) Forward copies of the Client Applied Income Contribution Agreement or Cost Sharing Agreement to the Fiscal Intermediary responsible for collecting the applied income and cost sharing contributions. Maintain copies of the Client's signed statement and written notices.
- 7) Complete and submit to the Department, on an annual basis, an Applied Income Worksheet for Clients whose services are State-Funded, and the Cost Sharing Agreement for State-Funded Clients. The amount of a Client's contribution to the cost of care shall be recalculated every year at the same time that the Client's financial eligibility is re-determined.
- 8) The Department will re-determine the applied income amount for all Non-State-Funded Clients.

If a Personal Information Breach has occurred, the Contractor shall, within three (3) business days after the notification, present a credit monitoring and protection plan to the Commissioner of Administrative Services, the Department and the Connecticut Office of the Attorney General, for review and approval. Such credit monitoring or protection plan shall be made available by the Contractor at its own cost and expense to all individuals affected by the Personal Information Breach. Such credit monitoring or protection plans shall be approved by the State in accordance with this Section and shall cover a length of time commensurate with the circumstances of the Personal Information Breach. Meskill and any other requirements of federal or state law concerning equal employment opportunities or nondiscriminatory practices.

22. **Sovereign Immunity.** The Contractor and Contractor Parties acknowledge and agree that nothing in the Contract, or the solicitation leading up to the Contract, shall be construed as a modification, compromise or waiver by the State of any rights or defenses of any immunities provided by Federal law or the laws of the State of Connecticut to the State or any of its officers and employees, which they may have had, now have or will have with respect to all matters arising out of the Contract. To the extent that this Section conflicts with any other Section, this Section shall govern.

D. Changes to the Contract, Termination, Cancellation and Expiration.

1. **Contract Amendment.**

- (a) No amendment to or modification or other alteration of this Contract shall be valid or binding upon the parties unless made in writing, signed by the parties and, if applicable, approved by the OAG.
- (b) The Agency may amend this Contract to reduce the contracted amount of compensation if:
 - (1) the total amount budgeted by the State for the operation of the Agency or Services provided under the program is reduced or made unavailable in any way; or
 - (2) federal funding reduction results in reallocation of funds within the Agency.
- (c) If the Agency decides to reduce the compensation, the Agency shall send written Notice to the Contractor. Within twenty (20) Days of the Contractor's receipt of the Notice, the Contractor and the Agency shall negotiate the implementation of the reduction of compensation unless the parties mutually agree that such negotiations would be futile.  - (C) the individual(s) in charge of the performance.
- (b) No such change shall relieve the Contractor of any responsibility for the accuracy and completeness of the performance. The Agency, after receiving written Notice from the Contractor of any such change, may require such contracts, releases and other instruments evidencing, to the Agency's satisfaction, that any individuals retiring or otherwise separating from the Contractor have been compensated in full or that allowance has been made for compensation in full, for all work performed under terms of the Contract. The Contractor shall deliver such documents to the Agency in accordance with the terms of the Agency's written request. The Agency may also require, and the Contractor shall deliver, a financial statement showing that solvency of the Contractor is maintained. The death of any Contractor Party, as applicable, shall not release the Contractor from the obligation to perform under the Contract; the surviving Contractor Parties, as appropriate, must continue to perform under the Contract until performance is fully completed.
- (c) Assignment. The Contractor shall not assign any of its rights or obligations under the Contract, voluntarily or otherwise, in any manner without the prior written consent of the Agency.
 - (1) The Contractor shall comply with requests for documentation deemed to be appropriate by the Agency in considering whether to consent to such assignment.
 - (2) The Agency shall notify the Contractor of its decision no later than forty-five (45) Days from the date the Agency receives all requested documentation.

- (3) The Agency may void any assignment made without the Agency's consent and deem such assignment to be in violation of this Section and to be in Breach of the Contract. Any cancellation of this Contract by the Agency for a Breach shall be without prejudice to the Agency's or the State's rights or possible claims against the Contractor.

3. Breach.

- (a) If either party Breaches this Contract in any respect, the non-breaching party shall provide written notice of the Breach to the breaching party and afford the breaching party an opportunity to cure within ten (10) Days from the date that the breaching party receives the notice. In the case of a Contractor Breach, the Agency may modify the ten (10) day cure period in the notice of Breach. The right to cure period shall be extended if the non-breaching party is satisfied that the breaching party is making a good faith effort to cure, but the nature of the Breach is such that it cannot be cured within the right to cure period. The Notice may include an effective Contract cancellation date if the Breach is not cured by the stated date and, unless otherwise modified by the non-breaching party in writing prior to the cancellation date, no further action shall be required of any party to effect the cancellation as of the stated date. If the notice does not set forth an effective Contract cancellation date, then the non-breaching party may cancel the Contract by giving the breaching party no less than twenty four (24) hours' prior written Notice after the expiration of the cure period.
- (b) If the Agency believes that the Contractor has not performed according to the Contract, the Agency may:

- (e) The action of the Agency shall be considered final. If at any step in this process the Contractor fails to comply with the procedure and, as applicable, the mutually agreed plan of correction, the Agency may proceed with Breach remedies as listed under this section.

4. **Non-enforcement Not to Constitute Waiver.** No waiver of any Breach of the Contract shall be interpreted or deemed to be a waiver of any other or subsequent Breach. All remedies afforded in the Contract shall be taken and construed as cumulative, that is, in addition to every other remedy provided in the Contract or at law or in equity. A party's failure to insist on strict performance of any section of the Contract shall only be deemed to be a waiver of rights and remedies concerning that specific instance of performance and shall not be deemed to be a waiver of any subsequent rights, remedies or Breach.
5. **Suspension.** If the Agency determines in its sole discretion that the health and welfare of the Clients or public safety is being adversely affected, the Agency may immediately suspend in whole or in part the Contract without prior notice and take any action that it deems to be necessary or appropriate for the benefit of the Clients. The Agency shall notify the Contractor of the specific reasons for taking such action in writing within five (5) Days of immediate suspension. Within five (5) Days of receipt of this notice, the Contractor may request in writing a meeting with the Agency Head or designee. Any such meeting shall be held within five (5) Days of the written request, or such later time as is mutually agreeable to the parties. At the meeting, the Contractor shall be given an opportunity to present information on why the Agency's actions should be reversed or modified. Within five (5) Days of such meeting, the Agency shall notify the Contractor in writing of his/her decision upholding, reversing or modifying the action of the Agency head or designee. This action of the Agency head or designee shall be considered final.
6. **Ending the Contractual Relationship.**
 - (a) This Contract shall remain in full force and effect for the duration of its entire term or until such time as it is terminated earlier by either party or cancelled. Either party may terminate this contract by providing at least sixty (60) days prior written notice pursuant to the Notice requirements of this Contract.
 - (b) The Agency may immediately terminate the Contract in whole or in part whenever the Agency makes a determination that such termination is in the best interest of the State. Notwithstanding Section D.2, the Agency may immediately terminate or cancel this Contract in the event that the Contractor or any subcontractors becomes financially unstable to the point of threatening its ability to conduct the services required under this Contract, ceases to conduct business in the normal course, makes a general assignment for the benefit of creditors, suffers or permits the appointment of a receiver for its business or its assets.
 - (c) The Agency shall notify the Contractor in writing of Termination pursuant to subsection (b) above, which shall specify the effective date of termination and the extent to which the Contractor must complete or immediately cease performance. Such Notice of Termination shall be sent in accordance with the Notice provision contained on page 1 of this Contract. Upon receiving the Notice from the Agency, the Contractor shall immediately discontinue all Services affected in accordance with the Notice, undertake all reasonable and necessary efforts to mitigate any losses or damages, and deliver to the Agency all Records as defined in Section A.14, unless otherwise instructed by the Agency in writing, and take all actions that are necessary or appropriate, or that the Agency may reasonably direct, for the protection of Clients and preservation of any and all property. Such Records are deemed to be the property of the Agency and the Contractor shall deliver them to the Agency no later than thirty (30) days after the Termination of the Contract or fifteen (15) days after the Contractor receives a written request from the Agency for the specified records whichever is less. The Contractor shall deliver those Records that exist in electronic, magnetic or other intangible form in a non-proprietary format, such as, but not limited to ASCII or .TXT.
 - (d) The Agency may terminate the Contract at any time without prior notice when the funding for the Contract is no longer available.
 - (e) The Contractor shall deliver to the Agency any deposits, prior payment, advance payment or down payment if the Contract is terminated by either party or cancelled within thirty (30) days after receiving demand from the Agency. The Contractor shall return to the Agency any funds not expended in

accordance with the terms and conditions of the Contract and, if the Contractor fails to do so upon demand, the Agency may recoup said funds from any future payments owing under this Contract or any other contract between the State and the Contractor. Allowable costs, as detailed in audit findings, incurred until the date of termination or cancellation for operation or transition of program(s) under this Contract shall not be subject to recoupment.

7. Transition after Termination or Expiration of Contract.

- (a) If this Contract is terminated for any reason, cancelled or it expires in accordance with its term, the Contractor shall do and perform all things which the Agency determines to be necessary or appropriate to assist in the orderly transfer of Clients served under this Contract and shall assist in the orderly cessation of Services it performs under this Contract. In order to complete such transfer and wind down the performance, and only to the extent necessary or appropriate, if such activities are expected to take place beyond the stated end of the Contract term then the Contract shall be deemed to have been automatically extended by the mutual consent of the parties prior to its expiration without any affirmative act of either party, including executing an amendment to the Contract to extend the term, but only until the transfer and winding down are complete.
- (b) If this Contract is terminated, cancelled or not renewed, the Contractor shall return to the Agency any equipment, deposits or down payments made or purchased with start-up funds or other funds specifically designated for such purpose under this Contract in accordance with the written instructions from the Agency in accordance with the Notice provision of this Contract. Written instructions shall include, but not be limited to, a description of the equipment to be returned, where the equipment shall be returned to and who is responsible to pay for the delivery/shipping costs. Unless the Agency specifies a shorter time frame in the letter of instructions, the Contractor shall affect the returns to the Agency no later than sixty (60) days from the date that the Contractor receives Notice.
