

RECOVERY.GOV

American Recovery and Reinvestment Act 2009

Project Description:

Windham Transit District Bus Storage Canopies
\$270,000

Why it matters

The Windham Transit District currently stores its 20 vehicle transit fleet in an open parking lot. This project will procure canopies to store the bus fleet under cover.

Solid Investment

- This project will effectively reduce operational expenses for the Windham Transit District by eliminating, in particular, costs associated with removing snow and ice from unprotected transit vehicles.

Notable Project Facts

- The canopies will be procured by the transit district without any requirement for design.
